

Welcome to Tønsberg Football Club

As of 2024, Tønsberg Football Club (TFC) currently has around 450 active members. Our catchment area is central Tønsberg, including Træleborg and Byskogen schools. We have our own artificial pitch (3G) with heating and an on-site clubhouse which is open to parents, players and others associated with the club. This facility is at the heart of the club's identity, with organized team training, individual training and extra training for boys and girls across all age-groups.

Tønsberg Football Club's Vision and Philosophy

As a football club we are proud of our ability to provide football to players of all abilities – everyone is welcome! The club wishes to develop young footballers both on the field and off it, with a focus on maintaining an inclusive social environment for players, families and the local community whilst at the same time ensuring quality training sessions which give everyone the opportunity to develop as football players. Youth football should be fun for all, with a view to motivating players to also develop through individual training.

Tønsberg Football Club's Sporting Goals

The club has the sporting goal of maintaining girls' and boys' teams across all age-groups within youth football as well as female and male senior teams, giving a clear development path for players within the club. As a club we want to develop a playing style across age-groups which premieres attractive and entertaining football which is fun to take part in and fun to watch!

At Tønsberg Football Club we play FAIR and respect the referee.

The characteristics of a TFC player:

- **The ability to make good decisions (on and off the pitch)**
- **The technique to turn good decisions into good performance**
- **Quick thinking and quick feet**
- **Respect for coaches, team leaders, fellow players and the opposition**
- **Set an example for younger players (on and off the pitch)**
